Awards

Official NCAA awards will be presented to the top eight finishers in each event of the championships. First, second, third and fourth place team trophies will be awarded in each of the championships. Participation certificates will be provided to all student-athletes competing or in uniform in the championships. These certificates will be sent to the institution’s director of athletics.

Credentials

Credentials will be distributed at packet pick-up or the NCAA mandated head coaches and administrators meeting:

1. Coaches’ credentials will be distributed by team according to the following formula:

<table>
<thead>
<tr>
<th>Number of Athletes</th>
<th>Number of Credentials</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-8</td>
<td>1</td>
</tr>
<tr>
<td>9 or more</td>
<td>2</td>
</tr>
</tbody>
</table>

2. Each athlete registered to compete will receive one credential for access to the championships.

3. Credentials are non-transferable. Any student-athlete, coach, administrator, media, athlete, or training personnel found giving or selling their credential to another person is subject to sanctions by the NCAA Division III Men’s and Women’s Track and Field Committee.

4. Additional credentials will be on sale for $15 at packet pick-up.
Drug Testing

NCAA championships committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championships events.

Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that post-event NCAA drug testing will occur at this championships event. Please note that no student-athlete will be notified of or escorted to NCAA drug testing without the knowledge of an official, credentialed representative from that student-athlete's institution.

If drug testing were to occur the following format would be followed:

# tested: DIII – 68
Test Plan: Winner and 1 at random from individual event; winning team and 1 at random from relay after athlete’s last event of that day

Evaluations (Site)

Site evaluation forms will be distributed to a random selection of 25 coaches.

We ask that you return this evaluation to a member of the Division III Men’s and Women’s Track and Field Committee prior to your departure from the championships. Your input is a valuable resource to continue the improvement of the championships. See Attachment 4 for the evaluation form.

Evacuation/Severe Weather Plan

Fire: Should the fire alarm sound, evacuate the building at the nearest available exit. Do not use elevators. Do not panic. Once outside move to a clear area that is at least 500 feet away from the building. Keep streets and walkways clear for emergency vehicles.

Tornado: A Tornado Watch/Severe Weather Watch means tornados are likely to develop. Be alert to changing weather situations and be prepared to take appropriate action if upgraded to a WARNING.

If a Tornado Warning is issued move to the track level of the Shirk Center and enter the gender appropriate the locker rooms just off of the track. Do not use elevators. If disabled cannot safely move to the track level, assist to one of the bathrooms. Protect your face and head.

**Please make prior arrangements with members of your travel group on where to check in with you once the all clear has been given for any emergency situation.**

All practice and competition venues will be staffed with Illinois Wesleyan University athletic trainers only! **Because of credential problems at past meets, we must know in advance if a certified or student-athlete trainer will be traveling with your team. Please notify the Medical Coordinator at (309) 556-3601 or email bkauth@iwu.edu the name of the ATC or student who will be attending the meet. ## Uniforms

[Reference: Bylaw 12.5.4 in the NCAA Division III Manual and Rule 4.2.1 in the NCAA Track and Field Rules Book.]

When engaged in competition, each athlete must wear the official team uniform or be disqualified. A uniform should consist of school-issues shorts or briefs, top, or one-piece body suits. However, if the school issues tights and these are worn as the outer garment, then they become the official uniform. Clothing worn in addition must be worn under the uniform. It is recommended that such clothing be of a solid color. The uniform must be clean and of a material and design as not to be objectionable.

Bare midriff tops are not acceptable. (Note: The uniform top must meet or hang below the waistband when the competitor is standing.) Uniforms must allow for competitors’ numbers to be placed above the waist (front and back) and for hip numbers to be placed on the hip, not on the leg or thigh. Uniform tops must not obscure hip numbers.

Wearing any part of the official team competition uniform illegally (e.g., top off or intentionally shortened, should straps lowered) while in the area of competition shall lead to a warning by the nearest official and, if repeated, to disqualification by the meet referee.

The primary color of any one-piece body suits worn by members of a relay team must be the same as the primary color of the top of those members not wearing one-piece body suits. The members may wear pants, shorts or briefs or a combination thereof that are of identical primary color. The length of one-piece body suits, if worn, may vary. Any visible garment worn under the shorts or briefs shall be of an identical color as those worn by other members of the relay team.
